Biodegradable Soft patient wipes

An environmentally friendly alternative to our classic soft patient wipe. These unbleached wipes are made from 100% viscous, making them completely biodegradable.

Reynard is reassurance.

Everyday wipes

The all-purpose solution. These high quality, large wipes are chemical and fragrance free for use on sensitive skin. They are also strong and highly absorbent, making them perfect for surface and general cleaning.

Product code	RHS305
Wipes per pack	50
Packs per carton	18
Wipe size	33 x 29cm

Extra strong general purpose wipes

The multitasker: highly absorbent and low-linting, they can be used wet or dry and are ideal for surface cleaning. Made from a strong, apertured, thermal bond polyester and viscose blend cloth, ensuring they won't fall apart when wet.

Product code	RHS316
Wipes per pack	100
Packs per carton	12
Wipe size	33 x 29cm

Extra soft everyday wipes

An even softer alternative to our popular everyday wipes. Ideal for patients with fragile or sensitive skin. These versatile wipes are low-linting and can even be used to clean windows as they will not scratch the surface.

Product code	RHS317
Wipes per pack	100
Packs per carton	12
Wipe size	33 x 29cm

Biodegradable Multi-purpose wipes

Reynard Multi-purpose wipes are strong, large, and extremely absorbent. The cloth is made with 100% viscous, making it completely biodegradable. Used wet or dry, these versatile, high-quality wipes are extremely durable and suitable for a wide variety of surface and cleaning purposes.

These environmentally friendly wipes are low linting and non-streaking. This makes them ideal for use on cleaning glass or other surfaces that require no residue to be left behind

Product code	RHS601
Wipes per pack	50
Packs per carton	16
Wipe size	40 x 38cm

More from Reynard

Absorb Cleaning Cloths

Initially designed for use in Central Sterilising Units and Operating Theatre environments, these versatile high-quality wipes are extremely durable and suitable for a wide variety of cleaning purposes. The cloth is made from a unique non-woven, low lint material that is extremely strong and absorbent, making Reynard Absorb Cleaning Cloths ideal for general cleaning requirements within a hospital or healthcare environment.

Disposable microfibre range

Designed to deliver a high quality, chemical-free clean and reduce the potential for cross contamination. Microfibre technology is proven to eliminate 99% of all dirt, dust, and pathogens. Our range can be used with or without steam, chemicals and other cleansers. Available in a box or a soft pack, we also offer a mop head, providing a fast and easy way to clean your floors with no chemicals required.
