ROYALE

Ascot Lift Chair

The Royale Ascot Lift Chair combines precise postural adjustment with contemporary design for ultimate comfort throughout the day.

Designed for comfort that adapts throughout the day

With five independent motors and zero-gravity positioning, the stylish Royale Ascot supports relaxation, pressure management and safer transfers.

The Royale Ascot provides a more precise approach to seating. Five independent motors enable targeted adjustment of key body segments, allowing individuals to move between upright sitting, relaxation and rest positions with greater control.

With a premium selection of contemporary upholstery choices and multiple size options, the Royale Ascot provides a personalised and stylish solution for modern home and care environments.

Five-motor positioning system

Zero gravity positioning

Redistributes body weight to support effective pressure management and relief

Helps reduce the risk of pressure injuries, minimise shear and friction, improve circulation and increase comfort

Assisted lift

Smooth sit-to-stand transitions for improved safety

Legrest elevation

Supports lower limb positioning to improve comfort and reduce fatigue

Backrest recline

Adjusts upper body for supported sitting, reading or resting

Adjustable head & lumbar support

Fine-tunes upper body support for comfort across activities

Additional comfort features

Lateral back support promotes midline posture and improved stability

Perforated seat supports airflow to improve comfort during extended sitting

Integrated wireless charging and USB ports keep devices powered & within easy reach

Cooling cup holder keeps drinks cool and accessible throughout the day

Style, comfort & durability

The Royale Ascot is available in three contemporary finishes, with stylish design features for enhanced comfort.

Soft-touch fabric

Reliable comfort for everyday living

Durable, breathable and comfortable finish that feels gentle against the skin.

Designed to resist wear, pilling and scratching, making it suitable for everyday use.

Nubuck leather

Premium luxury with natural breathability

A high-quality top-grain leather with a soft, warm and velvety finish. As a natural material, it features subtle variations in colour, texture and markings, reflecting the unique characteristics of genuine leather.

Its breathable surface supports airflow and offers a more comfortable seating experience than standard coated leathers.

Vinyl

Practical durability for easy care

Easy-to-clean and highly durable, suited to higher-use environments.

Designed to resist wear and moisture while maintaining a comfortable, low-maintenance surface.
